Nursery List for Tropical Fruit Trees¹

Andrew J. Rose, Jr., Timothy E. Crocker, Peggy C. Hartman²

This list of nurseries and the accompanying information was compiled from surveys returned from a mailing to 419 nurseries. A nursery list was provided by the Division of Plant Industries, Florida Department of Agriculture. The list included all nurseries licensed in Florida. From this list nurseries reporting under Other Fruits and Nuts, Wholesale, Wholesale and Retail, and those stocking 501 or more plants were chosen. From this list of 419 nurseries those growing deciduous fruit trees were selected out for use in another publication. Of those remaining, some responded that they sold retail only and, therefore, were not included. The rest of the responses were edited to include the information pertaining to the purpose and title of this publication.
